3 Bedroom, 1.50 Bathroom, 2,765 sqft

Residential on 0.21 Acres

N/A, Truro, NS

Located in the heart of downtown this heritage home features the perfect blend of original elements & modernized comfort. For example, all windows have been replaced but the Stained glass maintained & new storms tailored for them. There is an efficient current Kitchen, but the walk-in pantry boasts of its original cabinetry complete with flour & sugar bins (excellent for recycling). You'll note the brass fixtures are period, yet they have been cleaned & polished to perfection. Newer touches like heated California slate flooring in the back entry, kitchen & pantry, quartz countertops & double farm sink with stainless steel racks are amazing. And of course, all baths boast the best of fixtures especially upstairs where you see the lovely tiled shower & luxurious free standing air tub. Main floor Family Room has both heat pump & wood-burning Regency fireplace insert. Formal Living Room also has wood-burning fireplace. Formal Dining Room kept its pass-through window to the pantry-super convenient. On the upstairs landing is a reading nook in the south windows & 3 BRs of a generous size. Primary BR has a nearby dressing room style closet & the lovely spacious bath beside that. It also boasts its own heat pump. Walk up attic will dazzle you with its glorious windows & potential finishing possibilities. Has its own heat pump & has been recently spray foam insulated to R30 value. Metal roof completed in 2022. Basement won't disappoint with its storage cabinetry & coldroom shelving at

the foot of stairs, humidex, double stainless laundry sink, Weisman cold start furnace, woodstove, ETS unit, ceramic domestic hot water heater, up-to-date wiring & exterior walkout.
