3 Bedroom, 1.00 Bathroom, 1,256 sqft

Residential on 0.18 Acres

C1, Bridgewater, NS

In days gone by when horse and buggy were the mode of transportation, this family home sat back from the road and is where you'd enjoy an evening out on the verandah. It was the spot to pop into as you travelled past, and pick up a few things from the store that was once part of the home. As the home passed from generation to generation things were modernized. Although not so very long ago, maybe 40/50 years or so, there was still a 2 storey barn that had 3 stalls for their horses and a hayloft above. Those days are gone and the backyard has been transformed into a very private, park-like setting with mature trees, lots of areas for children and pets to run freely, and shrubs and perennials that lead you back to Wiles Brook. The 3 bedroom, 1.5 storey home is a perfect family home or for those just starting out. You can see the history with several built-in shelves and cabinets that bring you back to a time when life was simpler and slower paced. Although located on a main street in town, once inside and out in the backyard, you will forget you are in the heart of Bridgewater. Within walking distance to schools/shopping/restaurants/gyms/rec-centre/library and so much more. Bring your ideas and passion to make this home your own.
