3 Bedroom, 3.00 Bathroom, 1,580 sqft

Residential on 0.34 Acres

N/A, Glace Bay, NS

This character home was taken down to the studs and rebuilt from the first floor up. Walls were removed not only to create a beautiful airy open concept design but also to allow for new insulation with an R20 Value. The modern open concept, high ceilings, and original character of the home make this space one of a kind. Brand-new windows allow for plenty of natural light creating the perfect space for entertaining. The brand-new kitchen includes all-new stainless steel appliances and modern lighting including several well-placed pot lights. This floor also contains a walk-in pantry off the kitchen and a half bathroom with laundry. Additional storage is available in the large coat closet as you enter the front door. To create a primary ensuite and walk-in closet, walls were also removed from upstairs. There is also an additional 4 PC bath on the second level and two well-sized bedrooms—each with its own heat pump head for maximum climate comfort.

The house offers lovely ocean views and a big backyard, including a brand-new 24x24 garage! A list of all the work done can be provided upon request. Please book your viewing today. The pictures don't do this gem justice!
