Character is abundant in this updated south end condo. In 2021, the current owner began renovating the unit in the Hampton House - changing the layout to allow for more flow and resolution in the floor plan. Cathedral ceilings and large windows allow for natural light to fill the main living space. The new kitchen boasts plenty of storage, topped off with beautiful soap stone counter tops, and an incredible oversized apron sink. The addition of a full 4 piece bathroom on the main level makes living for young professionals or a family incredibly easy. Notice the slate and luxury tile throughout the upstairs bathroom, bringing in spa-like feel with modern touches of glass and black fixtures to round it all out. Other features include: All new appliances, new main floor toilet, new light fixtures, new paint throughout, blackout curtains in the main floor bedroom, hardwood floors, and a newer hot water tank.
