You love the vibrant North End and living just steps away from the Hydrostone Market but can't handle wet basements with 5 foot ceiling heights? You want the ease of maintenance-free condo living but don't want to smell what your neighbour down the hall is making for supper? Well here you go! With 3 bedrooms and 1.5 baths, this property is the largest floor plan in the community and has so much to love. The main floor features beautiful concrete floors with in-floor heating, a modern kitchen with quartz countertops, a gas cooktop and plenty of storage space, a cozy living room with exposed wood beam ceiling, a bright office/den as well as a convenient half bath. Upstairs, you will find the primary bedroom has room for your kingsized bed AND some side tables, double closets, heat pump and vaulted ceilings. Also on the upper level are two additional bedrooms (one including loft storage space), the main bathroom with a custom-tiled shower and laundry. Outside, enjoy private storage in the breezeway, parking for 2 cars, and a side patio with room for your BBQ and a sitting area.
