Another quality built Gerald Mitchell Home. Welcome to the Kinsac two storey, one of our most loved home plans. The lovely covered front porch is a showstopper, adding to the curb appeal and leading to one of the two main floor entrances. You can also use the convenient garage entrance, with spacious mudroom area. Great for organizing the kids. The front den can be used as a rec/play room, bright home office or a formal dining space. The open concept kitchen/living area features plenty of work space, including the island and walk in pantry. A patio door out to the deck area, making the main area terrific for entertaining all year round. A handy powder room is also featured on the main floor. The second floor master is large with a walk-in closet and ensuite bath. Two more rooms and a main upstairs bath, and a laundry room round out the upper floor. Down in the basement youâ€™™ll find a large rec-room, a flex room which would work as a fourth bedroom, and another full bathroom. This home features plenty of storage, a fully ducted heat pump, beautiful propane fireplace, all situated in the sought after and newest section of Kinloch subdivision, where you'll find many families, quiet streets and nature all around. The large wooded lots offer privacy and beauty. Fall River features all the amenities you'll need, shopping, dining, and recreation.
