Welcome to 6190 Highway 2, a well-kept split entry home nestled on a private 1.5 acre lot surrounded by mature trees. Built in 2013, this home offers just over 2,000 square feet of finished living space. There are three bedrooms in total, with two on the upper level and one downstairs, along with a full four piece bath on each level. The layout is ideal for families, with a bright open concept main living area, spacious kitchen and dining room, and a comfortable lower level perfect for a rec room, guest suite, or home office.
