Opportunity knocks! Here is your chance to secure a great and affordable home in the Village of Chester. Tucked on a quiet street in the heart of the village this classic century home blends space, sunshine, and location. Situated south of North Street, you are steps away from the waterfront, great cafes, the Yacht Club, and everything that Chester has to offer—this prime location speaks for itself! An elevated west-facing deck wraps around the front, adding an extra private outdoor space with a good set back from the road—perfect for entertaining, morning coffees, or catching the evening glow. The private backyard offers plenty of room to garden, play, or just breathe. A new garden shed with a ramp adds excellent storage space or could be a great little workshop. Inside this happy home you™ll find a bright interior complimented by big windows that flood the space in natural light. The front addition made to this century home 40 years ago has enhanced the interior living area, creating an inviting open floor plan on the main level and a rec room with a half bath (plumbed for adding a shower) directly below which enjoys its own walkout to the front yard. The kitchen is a roomy eat-in space with laundry and convenient access to the backyard. Upstairs, three comfortable bedrooms share a bath with a claw foot tub that adds a hint of nostalgia. Whether you're looking to settle in year-round or find your perfect summer base, this spot delivers on charm, practicality, and that exciting Chester

lifestyle feeling.
