Quiet country living is almost guaranteed down this gravel road. And the views are awesome! This two bed/one bath bungalow is big on space and openness with good sight lines throughout the main floor where you want them. The large living room flows through to the kitchen/dining area, bedrooms are set to the back of the home. A dedicated laundry room too, always a bonus! The lower level is high and dry with a finished family room space, and plenty of storage space. The big things are under control here - furnace ('05), upgraded electrical (('20), roof shingles ('20), septic ('13), with vinyl windows, vinyl siding as well. Lower level has had the foundation wall spray insulated. A good solid home that is ready for your family memories to begin!
