5 Bedroom, 3.00 Bathroom, 3,840 sqft

Residential on 0.28 Acres

#5, New Glasgow, NS

Perched on a corner lot, this charming bungalow catches your eye right away. The paved driveway sweeps in from both streets, curving around the back and leading to a double garage, offering plenty of space for vehicles, projects, or storage. Out front, a beautiful maple tree offers just the right amount of shade, while lush shrubs and a thriving peach tree bring color and life to the yard. Whether you're sipping coffee on the front porch or enjoying a quiet evening on the covered back deck, there's always a cozy spot to relax. Inside, the home is bright, warm, and immaculately kept. The kitchen and dining area are open and inviting, the kind of space that makes family meals or coffee with friends feel effortless. Three comfortable bedrooms and a full bath round out the main level, but what really sets this home apart is the bonus living space. The attached one-bedroom suite has its own entrance, full kitchen, living room, laundry closet, and its own heat pump. Use it for extended family, guests, or simply more room to spread out. A connecting door lets you move between the two spaces or keep them separate depending on your needs.

Downstairs offers even more room to make your own. A large rec room with a pellet stove is perfect for cozy nights in. There's another finished room that works well as an office or hobby space, a generous storage area, and a workshop ready for whatever projects you have in mind. The home features two laundry setups, including a newer Maytag

washer and dryer for added convenience. A recently installed generator panel gives peace of mind in any season. You can feel the care in every corner of this home. It's the kind of place where everything has been thoughtfully maintained, where comfort and ease come naturally. If you're looking for a home that just feels right, this might be the one.
