The main floor has the heart of the home kitchen that is nicely open to the dining room, perfect for family dinners or entertaining. Upgraded kitchen cabinets, stainless steal appliances, and pot lights give this kitchen a stylish and functional feel. There is even a pantry closet! A main floor laundry and half bath are just off the kitchen through the nicely done mud room entrance from the back deck. Also off the mud room is a good size storage room. The living room is a great size and is open to a room that could be an office or family room space. Great to have options. Upstairs there are three bedrooms and a full bath.
