

Checklist

ALL ROOMS

- Dust ceiling fans
- Disinfect all door knobs, light switches and high traffic wall areas
- Dust on top of your pictures on walls
- Wipe down baseboards
- Test your smoke/CO2 detector batteries
- Dust corners for cob webs
- Clean all window tracts

Pro Cleaning Tip

Take a sponge and line it up on your window tracts. Use a marker to mark where the sponge hits the ridges. Take an exacto knife and slice the sponge where marked. This will make it easy for your sponge to get right in those tracts!
