

# Checklist

## BATHROOM

- Clean your bathroom exhaust fan
- Wash Fabric Shower Curtain
- Clean your plastic shower curtain if salvageable, replace only if necessary
- Sterilize garbage can
- Clean out your drains ~ tub and sinks
- Wipe down all handles, knobs & cupboard doors
- Clean windowsills
- Wash curtains or any window coverings

### **Pro Cleaning Tip**

*To clean your drains with natural products, mix 1/2 a cup of baking soda with 1/4 salt then pour down drain. Then pour 1/2 cup heated vinegar down the drain and let sit for 15 minutes. Run hot water when finished.*
