

Checklist

LIVING ROOM

- Pull out your sofas & chairs and clean underneath
- Dust lamp shades and light bulbs in lamps
- Change your throw cushion covers and toss the actual pillows in the dryer to get all the dust out
- Steam clean your sofa and chairs
- Wash your curtains/sheers/window coverings
- Clean windowsills
- Reorganize your bookshelf and dust the entire unit

Pro Cleaning Tip

Use inexpensive vodka to help disinfect your furniture. No need to mix with anything. Pour straight vodka into a spray bottle (and a little in your mouth if you're so inclined) and spray until damp!
